This year's girl's sports started off with a burst of enthusiasm. The junior and senior basketball players after many trials and cuts were finally coordinated into their respective teams. This was for many their first year of basketball and for others only their second. The junior fared quite well and have established a good foundation for next year's team. The seniors fared even better making it to the semi-finals but losing this last game in a half-hearted effort. Thanks to our dedicated coaches, Miss Koop (junior) and Miss Painter (senior) who through their persistence and devotion instilled in all of us a strong of spirit and perseverance.

There was an excellent turnout for badminton and with the multitude of players it was possible to form a Bantam, Junior, Intermediate, and Senior team. All in all they did quite well with the Intermediate reaching the finals.

All those athletic girls who ate their lunch in school occupied this free time with the basketball and floor hockey intramurals. These games offered an outlet for many pent-up-frustrations by being able to knock around a puck, a basketball, and assorted people.

One group of girls who devoted much of their time to cheering in the locker rooms was complimented with new uniforms and occasionally was seen hollering at a senior boy's basketball game.

The Volleyball teams have just recently started to train. Although the turnout has lagged behind that from the other sports, the girls who did show up are keen and skilled. With the excellent guidance of Miss Painter, Miss Koop, and Mr. Blair, who knows how far we'll get???

There is still track and field to come in the spring. Everyone is looking forward to their chance of challenging the all-time records!

And so goes the 1974-75 year of the girl's athletic department!

BOY'S SPORTS

This year Wagar Did Not have a Football team. We Did Not have an Equestrian team, we Did Not have a White Water Canoeing team, and we Didn't Even have a Skydiving team, But our senior basketball team won the City Championship in a hard fought battle against Macdonald High. Our bantam team scrambled their way to the Semi-finals, only to lose out. Our ski team finished, in what place, we don't know. Also of some note, was the vastly amusing lunchtime basketball games between an ever victorious teachers team, and a student team that tried very hard. Th-Th-th-th-that's all folks.
